CV current as of 23 January 2025

Education

- 2022-2027 PhD in Computer Science
(expected) ♦ **Uppsala University**, Sweden, European Union
♦ Defense expected May 2027
- 2020-2022 Master of Science in Industrial Engineering
♦ **University of Central Florida** (UCF), Orlando, Florida, USA
♦ Honorary **10,000th master's degree** conferred by the college
♦ **Thesis**: *Humans in algorithms, algorithms in humans: Understanding cooperation and creating social AI with causal generative models*
- 2016-2020 Bachelor of Science with University Honors, double-major in Computational Mathematics and Computer Science, minor in Anthropology, *Cum Laude*
♦ **Utah State University** (USU), Logan, Utah, USA
♦ **Honors thesis**: *Computationally revealing recurrent social formations and their evolutionary trajectories*

Publications

- 2024 Miranda, L. (2024). Who is a robot? A fundamental model of artificial identity. *2024 33rd IEEE International Conference on Robot and Human Interactive Communication (ROMAN)*.
- 2024 Miranda, L., Castellano, G., & Winkle, K. (2024). A Case for Diverse Social Robot Identity Performance in Education. *Companion of the 2024 ACM/IEEE International Conference on Human-Robot Interaction (HRI '24)*.
<https://doi.org/10.1145/3568294.3580168>
- 2023 Miranda, L., Garibay O.O., & Baggio, J. (2023). Evolutionary model discovery of human behavioral factors driving decision-making in an irrigation experiment. *Journal of Artificial Societies and Social Sciences*.
<https://doi.org/10.18564/jasss.5069>
- 2023 Miranda, L., Castellano, G., & Winkle, K. (2023). Examining the State of Robot Identity. *Companion of the 2023 ACM/IEEE International Conference on Human-Robot Interaction (HRI '23)*. <https://doi.org/10.1145/3568294.3580168>

Research experience

- August 2022 - Present Doctoral student, **Uppsala Social Robotics Lab**. Studying the effects and ethics of emulating human social identity in social robots.
- Summer 2022 PIBBSS Summer Research Fellow. Awarded the \$9,000 USD **Principles of Intelligent Behavior in Biological and Social Systems** (PIBBSS) summer research fellowship to conduct research on **human-aligned AI systems**.
- August 2020 - May 2022 Graduate Research Assistant. *University of Central Florida Human-Centered Artificial Intelligence Research Laboratory & Complex Adaptive Systems Laboratory*.
(4 semesters) Contributed to the publication of three journal articles, one conference paper, and my master's thesis.
- August 2019 - August 2020 Undergraduate Research Assistant. *Utah State University Anthropology Program*.
(1 year) As part of an international archaeological working group known as **PEOPLE 3000**, I helped to create and manage a new **radiocarbon database** larger and more complete than any other. I also worked to program and test an online social experiment studying cooperation in a common-pool resource management scenario.

- Summer 2019 **Peak Summer Research Fellow.** *Utah State University.* One of ten recipients awarded the \$4,000 USD **Peak Summer Research Fellowship** for highly-engaged undergraduate researchers to conduct work on a proposed project over the summer. The research conducted under this fellowship produced my first publication, listed above.
- Summer 2018 **NASA Space Grant Consortium Fellow.** Awarded a \$1,600 USD **NASA space grant fellowship** to continue work on a CubeSat mission as the software team leader for the USU Get Away Special Microgravity Research team. Managed a team of ten other programmers. Wrote software for a prototype platform that successfully served over a dozen high-altitude balloon flights. The project (**GASPACS**) was the world's first CubeSat developed entirely by undergraduate students. It successfully served its mission after being launched to the International Space Station as part of the **SpaceX CRS-24** mission and deployed into low Earth orbit on 26 January 2022.

Teaching experience

- August 2022 - **Teaching Assistant.** *Uppsala University.* Have TA'd for the following master's Present courses: Social Robotics and Human-Robot Interaction; Intelligent Interactive Systems; System Design with a User Perspective; Data, Ethics, and Law
- August 2020 - **Graduate Teaching Assistant.** *University of Central Florida Complex Adaptive May 2022 Systems Laboratory.* Served as a TA for the following master's courses: Data Mining (4 semesters) Methodology I; Statistical Analysis; Parallel and Cloud Computation
- January 2018 - **Assistant Lecturer / Recitation Instructor.** *Utah State University Department of May 2019 Mathematics and Statistics.* Created and gave original lectures for the Differential (3 semesters) Equations and Linear Algebra course at USU. Held office hours, created numerous course materials, designed exam questions, and used Python to create an automated tool for online assessment creation which continued to be used by the department after my departure.
- August 2016 - **Computer Science Tutor.** *Utah State University Department of Computer Science. May 2017* Tutored students in introductory computer science courses. Primarily assisted with (2 semesters) homework concepts and code debugging.

Scholarships

- November 2021 - **PAGES Data Stewardship Scholarship.** Received a \$4,400 USD **scholarship from August 2022 PAGES** (Past Global Changes) to continue stewardship work on the **p3k14c (8 months) archaeological radiocarbon database** as part of the PEOPLE 3,000 working group.

- Summer 2018 **Honors Study Abroad Scholarship.** Received a \$1,000 USD **scholarship from the USU Honors Program** used towards a semester studying historical European art and theatre in Italy, Switzerland, France, and the UK.
- 2016-2020 **Daniels Scholarship.** Received the full-ride **Daniels Scholarship** (final award amount: (4 years) \$58,100 USD) to attend any four-year Bachelor's program in the USA for demonstrating exceptional leadership ability, strength of character, and commitment to community betterment.

Selected talks

- 23 August 2024 Keynote: **The absurd ease of making queer impact in tech**, *QTechDay*, Uppsala, Sweden
Invited talk
- 14 March 2024 A case for diverse social robot identity performance in education, *ACM/IEEE International Conference on Human-Robot Interaction*, Boulder, Colorado, USA
- 31 May 2023 *Let's get better at robot identity!*, **Mines Interactive Robotics Research** Summer
Invited talk Speaker Series. Presented virtually to a live audience in Golden, Colorado, USA
- 14 March 2023 Examining the state of robot identity - Poster presentation. *ACM/IEEE International Conference on Human-Robot Interaction*, Stockholm, Sweden

Organized workshops

- 11 March 2024 **Robo-Identity: Designing for Identity in the Shared World** at the 2024 ACM/IEEE International Conference on Human-Robot Interaction (HRI 2024)
